

Supply wagon

With chemical company no. 1 coming in 1876

The first headquarters was torn down in 1887

The second headquarters was built in 1888 and lasted to 1928 when it to was torn down

The third (and present) headquarters was built in 1929

It housed engine 1, ladder 1, high pressure 1, water tower 1, chief of department,

Assistant chief of department, deputy chief 1, battalion chief 1, and the fire marshals

Car.

Engine 1 (apparatus)

Originated at larned and Wayne, oct. 1860

New quarters at larned and Wayne with ladder 1, sept. 1889

New quarters at larned and Wayne with ladder 1, Aug. 1929

Disbanded June 1957

Reorganized at larned and Wayne with ladder 1 Nov. 1957

Disbanded Jan .1975

Reorganized at larned and Washington Blvd. With ladder 1, Jan. 1978

Relocated at Montcalm and park at ladder 1, may 1991

Note: Wayne St. was changed to Washington Blvd. On May 21 1959

Headquarters

(Volunteer rescue hook and ladder co. 1) moved from the original firemen's hall at

Bates and e. Larned to the (quarters) at

Wayne and larned, which was a small building adjoining the Washington market at that

Corner in 1852

In 1856 the Washington market building was torn down leaving the

(Volunteer rescue hook and ladder co. 1) building still standing

In 1856 a new fire station was built for a hand pumper and hose company and was next to

That building

Lafayette steam fire engine 1 and a hose company was organized on October 1860 and

Occupied the new station.

In 1870 the ladder co. Building was torn down and a 2 story building was erected to

House the ladder company. The Wayne Street station was remodeled at that time.

This was the first headquarters

It held

The commissioners
Secretary
Chief engineers
Fire telegraph room
Superintendent
Steam fire engine
Hose Company
Ladder Company
Chief engineers bug house) Montcalm & park
Front 40', depth 93.02'
Date purchased March 6, 1878
Original building to house ladder 3 was erected in 1878
The new building to house both engine 3 and ladder 3 was erected in 1926
Original building cost \$6054.00
New building cost \$82,780.00
Contractors: spitzley brothers
Max barthelomaie sons and co.
1937 assessed valuation of:
Land \$12,430.00
Building, \$60,470.00

Engine 2
(Old quarters)
Hastings between larned and e. Congress
Size of lot 60' x 90'
Date purchased June 17, 1874
Cost of site \$3000.00
Cost of building \$11,101.00
Architect f.w.smith
Contractor Byron and Clark
Sold to dept. Of street railways June 25, 1930 for \$21,100.00

Engine 2
(New quarters)
West side of St. Antoine between congress and east larned
Engine 2 (apparatus) originally organized in Jan. 1861 at remodeled volunteer engine house
At the North West corner of e. Larned and St. Antoine.
In 1875 engine 2 moved to a newly erected building on the east side of Hastings
Between larned and e. Congress
In 1918. They moved to the St.' Antoine building until they went out of service in
1940

Engine 3, engine 3b & engine 3c (apparatus)

Engine 3 originated at Clifford and Griswold on July 1861

Engine 3b originated at Clifford and Griswold with engine 3 January 1914
(Engine 3 & engine 3b were double engine companies running out of the same house)

Engine 3b was disbanded April 1917

Engine 3c originated at Clifford & Griswold with engine 3 April 1917

Note: engine 3c was a chemical engine with two tanks & booster pump.

Note: engine 3c was changed to engine 2c on July 1928 and was disbanded march 1931

Engine 3 moved to new quarters at Montcalm & park with ladder 3 on September 1926

Engine 3 was disbanded march 1976

Engine 4

Originated orchard (Elizabeth) between 5th & 6th St.. February 1865

Moved to new quarters Howard & 18th St. on May 1897

Disbanded march 1976

Engine 5

Originated larned & Riopelle June 1865

Relocated to new quarters alexandrine & Cass June 1877

New quarters alexandrine & Cass September 1909

Relocated to west warren & Lawton (training academy) with ladder 20 august 1998

Relocated alexandrine & Cass October 1999

Note: there is a picture I have that states the original engine at Clifford & Griswold

(Erected 1845)

Housed phoenix #5 (a hand engine) later changed to Washington # 5

This house was razed in 1858

Engine 6

Originated Russell & high (waterloo hy. & vernor) April 1868

Relocated Hastings & high October 1903

New quarters Russell & Wilkins with ladder 5 January 1956

Disbanded February 1994 (crew & apparatus to reorganize engine 32)

Engine 7

Originated Elmwood & fort Feb. 1874

Moved to new quarters concord north of Jefferson, sept. 1893

Relocated Elmwood & fort at ladder 6 April 1950

Moved to new quarters at Lafayette & mt. Elliot with ladder 6 sept. 1970
Disbanded April 1976
Reorganized Lafayette & MT Elliot at ladder 6 Jan. 1978
Disbanded Jan. 1979

Engine 8
Originated baker & 6th St., June 1873
New quarters baker (Bagley) & 6th St. Nov. 1918
Relocated Lafayette & 10th St. (former quarters of ladder 12, may 1982

Engine 9
Originated larned & Riopelle (former quarters of engine 5) April 1880
